After Hours by Request

Initial Consultation

Your in depth consultation is the most important part of your service.

What to Expect:

- your concerns and expectations discussed
- relevant medical & lifestyle info recorded
- skin assessed and analyzed
- education about your skin's condition
- test patches (if required)
- discuss potential treatment plan including skincare regime and expected results
- \$39 redeemable off first service.

7-Step Microdermabrasion

Your advanced 7-step Microdermabrasion includes a deep cleanse, a pore cleanse, a double-pass of our diamond microdermabrasion machine, hydrating toner, customised serum, finishing off with a hyaluronic acid infusion and bespoke moisturising treatment.

Face, Neck and Décolletage \$99

Add a customised Peel \$40

Add a customised Mask \$40

LED Light Therapy

For that glowing skin texture, our non-invasive LED light therapy works at a cellular level to restore, renew and revive your skin. LED is especially great to fight active acne and rosacea. The soothing, deep penetrating LED light targets deep into cells heightening their internal functions, photo-stimulating dermal blood flow, and creates faster healing so your skin always looks rejuvenated.

Single Treatment \$99

Add onto Microdermabrasion \$59

Add onto Alpha Shape PRO \$49

Alpha Shape PRO

The Alpha Shape PRO is the most advanced body contouring and skin tightening cosmetic device currently available in Australia. It offers a revolutionary non-invasive form of treatment for reshaping, tightening, lifting and contouring your face, neck and body.

Utilising a combination of Monopolar Radiofrequency (RF) and Ultrasound Therapy, The Alpha Shape PRO targets deeper, where collagen is most needed, to reverse the signs of aging.

As the only technology of its kind to enable safe and effective delivery of these two energies combined, The Alpha Shape PRO offers quicker results with no need for anesthesia, no downtime, and little to no discomfort.
